² A CCEP/TTEP should obtain its clients' prescribed consent unless its existing Personal Information Collection Statement is broad enough to cover the purposes as set out in the paragraph headed "Processing of Personal Data as part of the [Stock Connect Northbound Trading]". Please also see Explanatory Note B below.

Explanatory Notes

- A. As stated in the Information Paper titled “Investor ID Model for Northbound Trading under Stock Connect” dated November 2017 issued by HKEX (the “Information Paper”), CCEPs and TTEPs should review and, if necessary, make appropriate amendments to their existing client documentation and personal information collection statement (or documents of a similar effect) to ensure that all necessary authorizations and written consents are obtained from their clients regarding the collection, storage, use, disclosure and transfer of personal data under the Investor ID Model for Northbound Trading under Stock Connect.
- B. Pursuant to Data Protection Principle 3 (“DPP3”) in Schedule 1 of the Personal Data (Privacy) Ordinance (“PDPO”), where a CCEP/TTEP intends to use a client’s personal data which it has collected for a new purpose (i.e. a purpose or a directly related purpose that was not disclosed to such client at or before the time of collection), the CCEP/TTEP is required to obtain the client’s prescribed consent (i.e. consent given expressly and voluntarily, which consent may subsequently be withdrawn by notice of the data subject in writing) before the personal data is used for the new purpose. As the Investor ID Model for Northbound Trading under Stock Connect is a newly introduced arrangement, the use of personal data as described in the paragraph headed “Processing of Personal Data as part of the [Stock Connect Northbound Trading]” will be for a new purpose, in which case the requirement for a CCEP/TTEP to obtain its clients’ prescribed consent under DPP3 would be triggered unless the purpose for which personal data was first collected or any consent previously obtained is broad enough to cover use under the new arrangement. Consent in writing can be obtained electronically in accordance with the Electronic Transactions Ordinance. Where the consent is given electronically, a record of the consent must be accessible and useable for future reference.
- C. This Sample Language for Inclusion in a CCEP/TTEP’s Personal Information Collection Statement seeks to provide a template of the language on the new purposes as contemplated under the Investor ID Model for Northbound Trading under Stock Connect for CCEPs’ and TTEPs’ reference only and is not intended to be, nor should it be regarded as, legal or other professional advice for CCEPs, TTEPs and their respective clients. CCEPs and TTEPs are recommended to seek professional advice in order to ensure that they are in full compliance with all applicable requirements under the PDPO and data protection laws of other applicable jurisdictions when collecting, storing, using, disclosing and transferring personal data under the Investor ID Model for Northbound Trading under Stock Connect.
- D. CCEPs and TTEPs should ensure that the terms of their client documentation and personal information collection statement are consistently defined. Unless otherwise stated or the context otherwise requires, capitalized terms used in this document shall have the same meanings as defined in the Rules of the Exchange.
- E. CCEPs and TTEPs should refer to the amendments to the Rules of the Exchange, which will be published in due course for details of the Investor ID Model for Northbound Trading under Stock Connect. In the meantime, please refer to the Information Paper and the FAQ (updated from time to time) on the HKEX website.
- F. HKEX and its subsidiaries shall not be responsible or liable for any loss or damage, directly or indirectly, arising from the use of or reliance upon any information provided in this document.
